What is the NCSU Dance Company?

The NCSU Dance Company performs modern dance works choreographed by the Dance Program directors and invited guest artists. The company rehearses M/W/F afternoons, Tuesday evenings, and alternating Saturdays, though students' rehearsal schedules are dependent on their class commitments and the number of works in which they are cast. The NCSU Dance Company performs in the Dance Program Fall Concert, the NCSU Dance Company Spring Concert, as well as other on and off campus venues each year. The NCSU Dance Company attends an American College Dance Association conference each spring. Students receive academic credit for participation in the NCSU Dance Company.

What is the Panoramic Dance Project?

The Panoramic Dance Project presents a diverse range of dance styles, including modern, jazz, hip hop, African and Latin in choreographic work by the director, invited guest artists and student company members. The company performs in the Dance Program Fall Concert, presents a formal spring concert on-campus, and performs in other on and off-campus venues each year. The company rehearses on Monday and Wednesday evenings, and on alternating Saturdays. Students receive academic credit for participation in Panoramic Dance Project.

Can I get a degree in dance?

A dance minor is offered through Health & Exercise Studies. Learn more at go.ncsu.edu/danceminor.
What can I do at the Crafts Center?
Want a place to be creative and make cool things? Need a place to work on that E101 design project or other academic class project? Students can take non-credit courses and workshops in pottery, woodworking, jewelry & metals, photography, fiber arts, glass, lapidary, art on paper, and more, all in a friendly and informal learning environment. Studio passes are available for those with prior experience.

When do I sign up for classes?
Priority registration for NC State students for Fall 2016 crafts classes begins Monday, July 11. Priority registration for NC State students for Spring 2017 crafts classes begins Monday, November 14.

Are there activities just for NC State students?
Yes, yes, yes! The Crafts Center offers a variety of special classes and activities just for NC State students – special $5 afternoon crafts sessions; activity sessions for residence hall groups and other campus organizations and clubs; and special “NC State students only” classes like building skateboards, bike repair and maintenance, guitar lessons, and the annual Pinhole Camera Challenge.

Can I work for the Crafts Center?
Students interested in part-time work at the Crafts Center should contact George Thomas or Jo Ellen Westmoreland. The Crafts Center hires students to work as front desk attendants, woodshop attendants, and pottery studio attendants.

What’s all the excitement about the new Gregg Museum?
Right now the museum is in a temporary location as construction wraps up on its future home near the Memorial Belltower. When it reopens there in Spring 2017, it will feature 15,000 sq. ft. of new galleries in combination with the renovated historic Chancellor’s Residence as the first stand-alone art museum on campus (at 1903 Hillsborough Street). All will be welcome with free admission and students will be encouraged to visit the new Gregg often. After all, it’s your museum! It will be a cool place to visit, see exhibitions, attend innovative programs and events, or just enjoy the beautiful outdoor spaces.

How can I get involved?
During the fall semester, attend programs at locations around campus such as films, artist lectures, and other special events. Help spread the word to other students about the new Gregg Museum. Stay tuned for future internship and volunteer opportunities, as the plans for the big grand opening are finalized.

What does the Gregg Museum collect and exhibit?
The Gregg Museum has well over 35,000 objects in its collection, including textiles, ceramics, furniture, industrial design, jewelry, sculpture, outsider/visionary art, folk art, photography, works on paper, ethnographic materials, Native American art, and fine craft objects. Once the Gregg opens, visitors can expect to be inspired by 6-8 exhibitions a year, some featuring the diverse permanent collection, others on a particular artist or thematic concept.
